The Patent Center And How It Impacts YOU

As a part of the USPTO's efforts to modernize and streamline its patent application systems, the Patent Center has been rolled out. We will discuss the features of the Patent Center, DocX filing of patent applications and other application parts and do's and don't's of using the new tool.

We will discuss the new features, user-friendliness, issues and work-arounds, and what users like and do not like about the new tool. We will also discuss how calendaring fits into the new Patent Center platform.

We can also create a Q&A list for the USPTO presenters for Day 2 of the Conference.

2022 Round Robin

Our vision is to **unite** docketing professionals, **invite** the exchange of ideas, **increase** awareness, and **establish** professional connections.
