## IP issues confronting you in 2023

### ■ PTO AAU

- Over the last six months, we have seen an influx of processing errors in the intake of new applications. Getting these resolved can be a hassle, especially when calling the AAU and getting different answers depending on who answers the phone. What kind of mistakes are you seeing, and how are you resolving the issues?

## Transition to the Patent Center & new Search Tool

- Have you found this transition to actually be “smooth”
- How has the Patent Center transition impacted your work
- Has the new search tool impacted your work

# Docketing the Unified Patent Court

- How has the UPC changed your docketing practice in general
- What Best Practices have you found works in docketing UPC cases?
- What guidance are you using in docketing a Unitary Patent?
